PRO2GO P100

Bluetooth Stereo Headset User Manual

TURNING ON:
 1. Press and hold the multifunction button for about 3 seconds, the voice prompt will prompt power on, then the blue light will flash.

PAIRING:
 1. Place your wireless POM P100 earbuds within 3 ft of your phone or other device when pairing.
 2. Press and hold the multifunction button for 5 seconds to begin the pairing process. The voice will prompt pairing, and the red & blue light will flash, that indicates earbuds are in pair status.
 3. Activate the Bluetooth feature on your phone or other device to search for the earbuds, "POM P100" should appear on your device menu. Select "POM P100" on the device to connect. If your device asks for a password, please enter 0000 on your device.
 4. You will hear a confirmation tone. Once paired with the device, and the blue indicator light will flash twice every 5 seconds, you are now connected by Bluetooth.

CONNECTING NFC:
 1. Ensure that NFC is enabled on your mobile device.
 2. Slowly slide the NFC zone of the headset (button side of the control box) directly against the NFC device until an NFC connection is confirmed.

Bluetooth headset should be used with compatible devices which support Bluetooth wireless technology. P100 allows you to make two calls and enjoy the music streaming at any time freely. Please read this user manual carefully before using the headset, also read your device's user manual regarding the Bluetooth function. Pay attention to important safety and maintenance information. Please keep the headset away from children.
